

Institut Bauen und Umwelt Newsletter

June 2014

Dear ladies and gentlemen, dear members of IBU,

Within the next days and weeks we have important dates upcoming in the IBU. With our newsletter – the second in this year – we want to inform you about the upcoming events and give you an overview about the last two months.

On top of our agenda we have the General Meeting at 17th of June in Berlin. If you didn't register until now, you still have the possibility to do so.

Furthermore I'd like to invite you to visit us on our exhibition-stand at the Consense on 1st and 2nd of July in Stuttgart.

In the next issue we will report in detail about these two events. Until then I hope you enjoy reading this newsletter.

With sunny wishes

Yours Dr.-Ing. Burkhardt Lehmann

Announcements

Reminder General Meeting 2014

Advance notice

Workshop: Create Added value with EPDs in communication

Once again the IBU will offer a workshop to the communication of Environmental Product Declarations (EPDs) for its members in 2014. The one-day event is planned for 23rd of October 2014 and will take place in Frankfurt/Main. Detailed information will follow soon.

IBU on BAU 2015

IBU, as a leading initiative of construction product manufacturers, again has its own stand on BAU 2015, informing about the role of construction products in sustainable building.

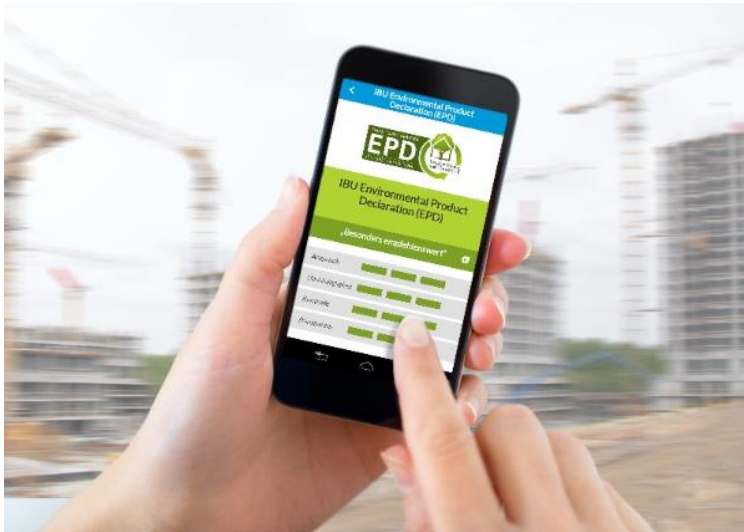

www.bau-muenchen.com

Use the possibility to present your products with new EPDs and work now on the creation of the EPDs. In order to receive new published EPDs at the BAU 2015 it is necessary to submit it for verification until October 2014

Three key issues are “Intelligent Urbanization“, “Humans and Buildings“ and “Energy- and Resource Efficiency“ and from 19th to 24th January 2015 around 2,000 exhibitors from all over the world are presenting architecture, materials and systems at the fair premises in Munich.

IBU News

EPD- and IBU-Logo assessed through Label-App

Since the beginning of May consumers can inform themselves about the quality and informative value of existing labels and quality marks through an app on their smart phones. Both the IBU-Logo and the EPD-Logo for construction products that own an Environmental Product Declaration can be accessed from a database with the Label-App...[more](#)

Neubau und Sanierung

In co-operation with IBU, Reflex Verlag (Reflex publishing house) publishes a special supplement we would like to draw your attention to:

“Neubau und Sanierung” (“New construction and refurbishment”) will be published in the German “Handelsblatt on 30th of July 2014 and will reach more than 386,500 readers.

Reflex Verlag is independent of the Handelsblatt and will look at the topics in question in a factual and objective manner.

Key issues are:

- Heating and climate control technology
- Energy efficiency and renewable energy
- Technical building equipment and installation
- Supply and disposal
- Building materials: material and resource efficiency
- Financing

Would you like to participate? You have the following possibilities:

1. Publishing guest articles and presentations
2. Publishing interviews
3. Publishing adverts

We will offer you a special discount of 15 %.

Booking deadline is 20th June 2014. Should you be interested, please directly contact:
