Experiencing a sustainable building: The BNB system in practice

The example of BMBF (Federal Ministry of Education and Research)

Venues:

- AMERON Hotel ABION Spreebogen Berlin, Alt-Moabit 99, 10559 Berlin
- Federal Ministry of Education and Research, Kapelle-Ufer 1, 10117 Berlin

We invite you to the 2. IBU Members' Day under the motto „Experiencing a sustainable building“ prior to the IBU Annual General meeting and in cooperation with the BNB certification scheme to experience a green building in practice.

Together with the BBSR as programme operator of the BNB system, the architect and further experts we will present and visit the Gold-certified building of BMBF.

There will be:

- a guided tour through the building
- presentations and an open forum
- discussions with other experts like
  - the architect, Christian Pelzeter (Heinle, Wischer und Partner)
  - the programme operator of the BNB system (Nikolas Kerz, BBSR)
  - the project coordinator Thomas Thümmeler (Drees & Sommer; formerly WSGreenTechnologies - requested) and
  - the occupants of the building.

Afterwards we invite the participants to a night boat trip on the Spree with dinner. Here will be ample opportunity for professional and personal exchange (Start & End at Abion Hotel).

Event language is German; the staff from the IBU office will assist the Non-German speaking attendants with translating and summarizing the German answers and explanations.
